

12" Touchscreen Display

BLUE™ EASY INSTALL™ 4H/2C

Universal 4-Wire Thermostat Solution

Upgrade single stage applications to premium high-efficiency systems (staging, heat pump or heat pump with dual fuel) – using existing 4 wires

Dual fuel heat pump control (requires outdoor remote sensor)

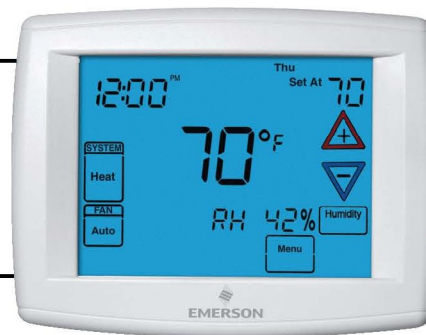

1F98EZ-1421

Includes User Interface and Equipment Control

1F98EZ-1441

Includes User Interface, Equipment Control and Outdoor Remote Sensor (F145-1378)

12" Touchscreen User Interface

Equipment Control

We've Already Done the Legwork So You Don't Have To.

Install, Configure and Verify...All at the Furnace!

Installs Faster and Easier Than the Competition

Equipment Control

Features Quick Connect terminals for faster installation. Wiring and configuration is done at the control, mounted near the equipment.

Color-Coded LEDs

Provide positive feedback for easy setup and confidence in your installation.

Reusable Plug-In Configuration Tool

Eliminates multiple trips up and down the stairs during setup and system testing. (F4-1400 available separately)

User Interface Featuring Scrolling Text

Confirms connection to equipment control and displays words for easy menu configuration.

Scrolling text with words, not numbers!

5-Year Warranty
