

STANDARD CONSTRUCTION
FRAME:

6063T5 HEAVY DUTY EXTRUDED ALUMINUM .
 NOMINAL WALL THICKNESS OF 0.092"
 UNIVERSAL 1-1/2" FLANGE.

BLADES:

STEEL PATTERN CONTROLLERS.

STANDARD NECK SIZES:

WIDTH: 1-1/2" MIN TO 14-3/8" MAX
 LENGTH: 12" MIN TO 72" MAX (ONE PIECE)
 LARGER LENGTHS AVAILABLE WHEN COMBINING
 MULTIPLE PIECES WITH OPEN END CONFIGURATION.

FINISH:

PATTERN CONTROLLER:
 BLACK POWDER COATING (STANDARD)
 WHITE (OPTIONAL)
 DIFFUSER FACE: WHITE

AXALTA 100% POLYESTER POWDER COATING GIVES
 AN ATTRACTIVE BRIGHT WHITE FINISH AND
 PROVIDES ADDITIONAL PROTECTION FROM AGING
 AND WEAR.

OPTIONS:

MODELS LPB, LPBR4 AND LPBR6 PLENUMS ARE
 AVAILABLE IN: 24", 36", 48", AND 60"
 NOMINAL LENGTHS UP TO 4 SLOTS .

Notes:

1. Throw based on an active 6' section. Throw based on all slots discharging in the same direction. For divided throw, use the CFM per foot value for the number of slots in each direction.
2. Pt is based on pattern control set at minimum resistance. All pressures are in inches of water.
3. Horizontal throw is for velocities of 50, 100, and 150 FPM.
4. Vertical throw values are given for a terminal velocity of 50 FPM.
5. NC based on 10db room absorption with a 4' active section and horizontal throw. For vertical throw deduct 7db from each NC value. For lengths greater than 4' add the following correction to rating:

Length (feet)	2	4	6	8	10	12
db Correction	-3	0	+2	+4	+5	+7

Notes:

1. Throw based on an active 6' section. Throw based on all slots discharging in the same direction. For divided throw, use the CFM per foot value for the number of slots in each direction.
2. Pt is based on pattern control set at minimum resistance. All pressures are in inches of water.
3. Horizontal throw is for velocities of 50, 100, and 150 FPM.
4. Vertical throw values are given for a terminal velocity of 50 FPM.
5. NC based on 10db room absorption with a 4' active section and horizontal throw. For vertical throw deduct 7db from each NC value. For lengths greater than 4' add the following correction to rating:

Length (feet)	2	4	6	8	10	12
db Correction	-3	0	+2	+4	+5	+7
